**WOMEN LEADING MONTANA INSPIRES GROWTH AND CREATES
COMMON GROUND THROUGH CONNECTION AND CELEBRATION.**

WHO WE ARE

Women Leading Montana is a nonprofit organization made up of women from across Montana who have an interest in personal and professional growth. This is achieved through continued learning, shared experiences, open, honest, and respectful dialogue, and an environment that provides support and builds confidence.

WHY WLM

While we acknowledge that there are some truly wonderful leadership programs, women-centric organizations, and professional development opportunities in our state, we want to convene with women currently leading in Montana who are willing to acknowledge the differences among us and use those differences to support one another in a real way – beyond pure networking, beyond cocktail party conversations. We're talking lasting, meaningful relationship building here.

WHAT WE DO

In 2017, we launched our first Convening of Women Leading Montana. We have successfully hosted three convenings, only taking a break in 2020 and 2021 due to the pandemic. We are enthusiastically planning our next event for May 5 and 6, 2022, in Helena. We will bring together a mix of geographically diverse attendees from Montana's urban and rural regions. We seek corporate leaders, government administrators, health professionals, stay-at-home mothers, small business owners, nonprofit leaders, leaders of education, retired professionals, young women who are students, etc. We hope that you will be a part of another successful event for Women Leading Montana.
